SKILLS

- React.js
- Next.js
- Node.js
- Express.js
- MongoDB
- JavaScript
- TypeScript
- Axios
- Tailwind CSS
- Rest API
- Git

EDUCATION

Bsc Information Technology   2021 – 2024 | Kerala, India
University of Calicut

EXPERIENCE

MERN Stack Developer Intern   May 2024 – present | Manjeri, Kerala
BridgeOn solutions
- Participated in agile development processes, including sprint planning and daily stand-ups.
- Contributed to multiple projects, including a full-stack project management application using Next.js.
- Managed version control efficiently using Git, maintaining organized repositories, and collaborating with teams to streamline development workflows.
- Conducted code reviews and participated in pair programming sessions to maintain high code quality and share knowledge.

PROJECTS

DOQUE - Project management Application

Comprehensive project management system featuring streamlined capabilities for organizing their projects and tracking tasks and project status within customizable spaces, enhancing user workflow efficiency by significant margins.
Contributions:
- Developed the spaces and tasks management section, implementing drag-and-drop functionality that enabled users to manage tasks with greater ease.
- Implemented secure user authentication in the backend, including email verification to ensure account validation and security.
- Led the team as Scrum Master, facilitating sprint planning, daily stand-ups, and retrospectives.

Tech Stack: Next.js, TypeScript, Redux, Express.js, MongoDB, Shadcn UI.
